October 10th, 2024

Dear Friends,

I join you in spirit at tonight's Nashua PAL Night of Champions Gala. Thank you to the amazing mentors at Nashua PAL for all you have done to enrich our community. I would also like to congratulate and recognize tonight's young honorees for your hard work and commitment to your craft. You serve as role models to your peers.

For more than 35 years, Nashua PAL has fostered community engagement by offering athletic and educational programming to Nashua area youth, connecting law enforcement and the next generation to change lives for the better. The officers who dedicate their time to coaching and mentoring display a special commitment to their community by instilling life skills in children like teamwork, perseverance and discipline that will last a lifetime. The leaders at Nashua PAL know that when kids are reminded of their potential early, they will grow up to be the kinds of role models that positively influence the people around them and their community as a whole.

The exceptional youth athletes and PAL mentors being honored tonight are amazing examples of Nashua PAL's impact. Our police officers do not just serve us through law enforcement; they uplift the community around them through service, dedication and connection. Nashua PAL helps strengthen those ties, and Nashua grows stronger with each life touched.

Thank you to all who support Nashua PAL and to those who organized this amazing event. Once again, congratulations to tonight's champions!

Sincerely,

Jeanne Shaheen
United States Senator
